Welcome Back to Campus!

UCI Transportation and Distribution Services welcomes faculty, staff, and students back to campus for the 2021-2022 academic year! With the return to in-person instruction, we have resumed our regular services and are offering numerous promotions and support programs this fall. We encourage you to review our information below to take advantage of cost-saving transportation opportunities.

Mutual Respect for all Anteaters

No matter what mode of transportation you use to get around campus, it is important to be aware of your surroundings and responsibilities. With over 46,000 diverse students, faculty, and staff at UCI, do your part to [keep our campus safe](#) for everyone.

Your Online Transportation Portal

Log into [myCommute](#) with your UCInetID to access your transportation products and manage your account. We are working with the Office of Information Technology (OIT) to continuously improve our online transportation portal with convenient and enhanced features.

On-Campus Parking

A valid permit is required at all times when parking on campus. UCI Transportation is currently offering discounted rates on general and day-use virtual permits for faculty, staff, and students through your myCommute account. Prior to purchasing your parking permit, please ensure that you have updated your address with University Registrar or UCPath. Students living within two miles of campus may complete a [permit application](#) online.

As a reminder to our faculty/staff sustainable transportation members, schedule the use of your incentive parking permit in myCommute – an active permit is required for each day that you park on campus.

Metrolink Train Ticket Giveaway

Experience train commuting for free! As part of UCI Transportation's commitment to sustainability, we have partnered with Metrolink to provide campus faculty, staff, and students the opportunity to receive two free round-trip train tickets. Simply download [Metrolink's mobile app](#) and create an account with your UCI email address before October 31, 2021 – your tickets will be automatically loaded into your account within three business days.

For assistance with your train commute or to learn more about our [train rebates](#), email rideshare@uci.edu.

Find Wi-Fi Hotspots on the Interactive Map

Find the best study spot for the new academic year with a map of [UCI's Wi-Fi hotspots](#)! Now available on the interactive campus map, these access points help you find areas with the most reliable wireless connection. In partnership with OIT, UCI Transportation will continue to expand our map to include additional outdoor wireless areas.

Commuting from Off-Campus Housing

Are you living in Park West Apartment Homes, Toscana Apartments, Villa Siena, or other off-campus housing communities? [OC Bus](#) provides an efficient travel alternative to nearby housing communities that were previously served by Anteater Express. UCI Transportation offers a subsidized University Pass (UPass) to give you access to unlimited OC Bus rides all year for only \$169. Purchase your UPass through your [myCommute](#) account.

Using your Preferred or Lived Name

In a continued effort to advance inclusive excellence, UCI Transportation is working with UCI Housing and OIT to adopt a new naming convention within our systems in order to recognize preferred or lived names. We will continue to expand our inclusive resources to support our campus community as the University of California works to implement the [presidential policy](#) regarding the use of preferred/lived names across all university-issued documents and information systems by December 2023.

Passport Office Appointments Available

Tucked away at North Campus, the UCI Passport Office has reopened with fast, friendly, and confidential service. Whether you are applying for a U.S. Passport for the first time or submitting a renewed application to prepare for future travel plans, our experienced passport agents are ready to assist you. Schedule your appointment at passport.uci.edu today!

Infrastructure Improvements

To support our campus community's growth, improve accessibility, and align with long-term campus planning, UCI Transportation has completed these projects in time for your return to campus:

- Accessibility improvements in Parking Lot 12B
- Renaming of Bivens Avenue as Michael Drake Drive
- Pedestrian enhancements in Parking Lot 83

Moving forward, upcoming improvements will include a new College of Health Sciences parking structure and pedestrian and motorist improvements near Anteater Parking Structure. Visit our [website](#) for more details on these projects.
