- [Accessibility Improvements](#)
- [Inclusive Technology](#)
- [OCTA Survey](#)
- [Bicycle Events](#)
- [Guest and Event Services](#)
- [Emergency Services](#)
- [Long-Term Storage](#)
- [Student Jobs Available](#)
- [Green Garage Award](#)

UCI Transportation and Distribution Services welcomes you to the start of Spring quarter. As many of your fellow Anteaters make their way around campus, please do your part to [keep our campus safe](#) for all. Motorists are encouraged to arrive early, as parking areas may become impacted during peak times. No matter what mode of transportation you use, it's always important to be considerate, remain aware of your surroundings, and abide by posted speed limits and signage.

Accessibility and Safety Improvements

Pedestrians and motorists traveling near Anteater Parking Structure will notice accessibility improvements to roadways and pathways. A ramp and stairway have been constructed from the parking structure to allow accessible and convenient access to and from your vehicle. Additional sidewalks and crosswalks have replaced the traffic circle, making it safer for you to get to the campus core. We anticipate that this project will be completed next month. View photos of the current construction by clicking the image below.

Expanding our Inclusive Technology

Accessible file conversion technology is now widely available to our campus community. Using SensusAccess, you can take your existing documents in common file types, such as images, PDFs, or PowerPoints, and convert them into alternative formats, including digital braille, audio files, e-books, and editable text documents.

This service is available through a partnership between UCI Document Management and Disability Services Center. Visit our [Document Conversion webpage](#) to convert your files with SensusAccess today.

Help Plan the Future of Transportation

The Orange County Transportation Authority (OCTA) wants to hear from you! Share your feedback on alternative travel options that could improve transportation in south Orange County by submitting the [South OC Survey Form](#) before Friday, April 15.

This survey is part of the South Orange County Multimodal Transportation Study, which identifies areas of improvement beyond the year 2045 for all modes of transportation, including streets, transit, freeways, and bikeways.

Bike to Campus for a Healthy Commute

We want to help you get rolling to campus on two wheels this year! Traveling by bike supports the University's sustainability goals while boosting your health and mood. With over 8,000 bike racks throughout UCI, bike parking is the closest parking spot to your campus destination. We offer many services and programs to support our cycling Anteaters, and with National Bike Month quickly approaching in May, we're excited to host the following events:

<p>MAY 12 & 13</p> <p>WHIMCYCLE</p> <p><i>UCI's Greatest Festival of Bicycles!</i></p>	<p>MAY 18 & 21</p> <p>SMART CYCLING</p> <p><i>In-Person Class and On-Bike Training</i></p>	<p>MAY 25</p> <p>Bike-Friendly Driver Training</p> <p><i>Virtual Training and Certification</i></p>
--	--	---

Visit our [National Bike Month](#) webpage to learn more about these events.

Make your Event a Success

Our UCI Guest and Event Services team is busy preparing for commencement and other upcoming campus events. Whether we're facilitating traffic flow, supplying guest permits for department events, or providing charter services and wayfinding signs, our team is here to promote a positive experience for you and your attendees. When planning your on-campus event, start with [Guest and Event Services](#) and discover the variety of options to meet your event's transportation needs.

Emergency Resources on Campus Map

UCI Transportation partners with UCI Emergency Management to promote campus preparedness and safety. We've expanded our interactive map to include [emergency resources](#), including emergency phones, evacuation assembly areas, and Transportation Access Points. We encourage you to familiarize yourself with these resources to be prepared for any emergency.

Long-Term Storage for your Department

Did you know that a cost-effective storage option is available to UCI departments? If you're looking to create more space, utilize [UCI Distribution's long-term storage](#) to store your infrequently accessed supplies at North Campus. For added convenience, departments may also have their stored items delivered to campus buildings.

Join the Team that Keeps UCI Moving

UCI Transportation offers numerous job opportunities for students who are driven, responsible, and excited to help improve the campus experience for everyone. As a member of our department, you will have the opportunity to be trained for specialized teams, advance into respected leadership positions, and gain real-world experience that you will take into your future career. If you are searching for a job in a friendly work environment that will be flexible with your school schedule, look no further!

UCI Ranked #1 in Green Garage Contest

Thanks to UCI Fleet's ongoing sustainability efforts, the University of California, Irvine was acknowledged as having the greenest garage in the nation by the National Association of Fleet Administrators (NAFA). As part of the [Green Garage Contest](#), NAFA assessed our fleet team's maintenance shop practices, recycling efforts, and environmentally friendly facilities in order to determine how UCI advances the "green the maintenance garage" movement.
