Reserve your Holiday Shuttle Spot Today

As we approach the upcoming holiday season, UCI Transportation is excited to announce the return of our complimentary Holiday Shuttle service! On select days, this popular service will run between UCI and John Wayne Airport or the Irvine Train Station. Take advantage of this convenient service when planning your trip home this holiday season. Space is limited; visit the T&DS website to make your [Holiday Shuttle reservation](#) today!

Traveling Safely on Campus Pathways

We would like to remind our Anteater community of the importance of maintaining mutual respect for one another, especially on shared campus pathways such as Ring Mall. Bicycles, scooters, and all devices must be walked during Ring Mall [dismount zone hours](#), 8:30 a.m. to 5:00 p.m., Monday through Friday. Additionally, skateboards, skate devices, and electric scooters are not to be ridden on the campus core. Be sure to always be aware of your surroundings and follow posted signage when traveling on campus.

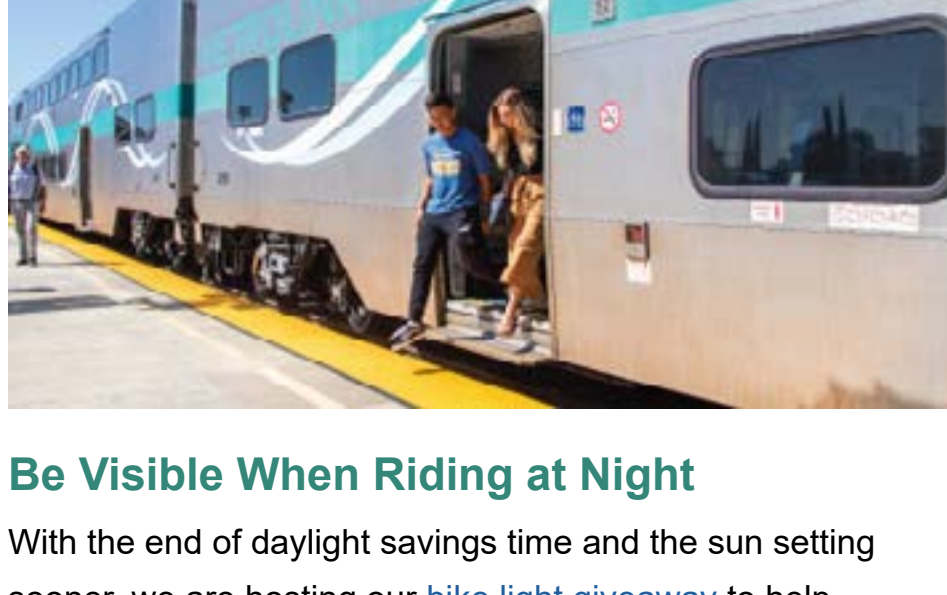

MUTUAL RESPECT FOR ALL ANTEATERS

SUSTAINABLE TRANSPORTATION

Students Ride Metrolink for Free

For a limited time, Metrolink is offering FREE train rides to UCI students with the [Student Adventure Pass](#)! Simply download the [Metrolink mobile app](#) and create an account using your UCI email address. Your Adventure Pass will load directly into your mobile ticket wallet. Then, show your digital pass and student ID each time you board the Metrolink train and enjoy free rides all throughout Southern California.

Be Visible When Riding at Night

With the end of daylight savings time and the sun setting sooner, we are hosting our [bike light giveaway](#) to help Anteaters be visible while riding in the dark. Bicycle lights are required by law when riding at night and ensure that you remain visible to vehicles, other bicyclists, and pedestrians. Wearing additional reflective gear and equipping your bike with reflectors or lights also increases your visibility to others. Improve your bike safety knowledge and join us at our upcoming [education and safety events](#).

INFRASTRUCTURE PROJECTS

New Traffic Signal in Development

With the expansion of student housing near UCI, more residents and their guests will be traveling between their accommodations and the campus. To support this influx, a new traffic signal at the intersection of California Avenue and Arroyo Drive is being developed. Once completed, this signal will replace the current four-way stop, enhancing pedestrian safety and improving traffic flow in the area. Stay informed about the project's progress through updates posted on our [current projects webpage](#).

COMMUNITY SERVICES

Passport Support at UCI's Go Abroad Fair

Our knowledgeable passport office staff are here to assist you in preparing for upcoming international travel! Visit us at the [Go Abroad Fair](#) in the Student Center on Thursday, November 16, from 11:00 a.m. to 3:00 p.m. and learn about your passport's requirements and how to prepare for an upcoming passport appointment. The US Department of State's current processing times are 7-10 weeks for routine services and 3-5 weeks for expedited services. [Schedule an appointment](#) at the UCI Passport Office today!

Clash of the Cans - Through December 14

Join us in the annual [UCI Clash of the Cans](#) food drive through December 14! You can join the fight against hunger by [making a monetary donation](#) to the Orange County Food Bank or by dropping off your non-perishable goods at any of the donation bin locations on campus and the UCI Medical Center to support the UCI Basic Needs Center. Your generous contributions will go a long way in funding nourishing meals for impoverished Orange County families and ensuring UCI students have their basic needs secured. Show your Anteater pride and join the fight against hunger!

Business Mail Notifications Now Available

Our T&DS Distribution Team is excited to announce the relaunch of our UCI business mail delivery notification system. Departments can now receive real-time delivery updates for their UCI mail via text (SMS) or email. Sign up for this convenient and complimentary service by contacting [Distribution Services](#). Our team continues to explore additional innovative technology to provide streamlined and efficient mail services for our campus departments.

DEPARTMENT AWARDS

UCI Recognized in Green Fleet Awards

The National Association of Fleet Administrators (NAFA) has recognized UCI's Transportation and Distribution Services again in the nationwide Green Fleet Awards! Our T&DS Fleet Services Unit is one of only two Universities in the top 20 awardees, placing 12th in all of North America. The Green Fleet Awards recognizes government and commercial fleets in their implementation of sustainable practices and solutions in their operations. We are honored to be recognized for another year and continue to explore new opportunities to enhance our University's sustainable fleet efforts.

UCI Platinum-Level Bike-Friendly University

UCI has been recognized as a Platinum-level Bike Friendly University (BFU) by the League of American Bicyclists. This is the University's second consecutive platinum-level designation, and we have maintained BFU status for 12 years in a row! The program acknowledges higher education institutions that establish efforts to support the bicycling community through engineering, encouragement, education, enforcement, and evaluation/planning. We are proud to maintain this title and continue to evaluate new ways to support our community.
