MetroLink Train Ticket Giveaway

As part of UCI Transportation's commitment to sustainability, we have partnered with MetroLink to host a train ticket giveaway for new riders. Redeem your two free round-trip tickets by downloading the [MetroLink mobile app](#) and creating an account with your UCI email address before April 30, 2023. Use your tickets for your commute or for a leisurely trip within three months of receiving them in your mobile ticket wallet. For questions or assistance with your train commute, email rideshare@uci.edu.

Announcing Expanded Zipcar Access

Due to the growing popularity of our University Carshare program, especially in our housing communities, we are excited to announce the expansion of our available [Zipcars](#) on campus. Utilize Zipcar for all your transportation needs to avoid the cost of owning a vehicle, including short-distance errands, off-campus meetings, or fun trips to local attractions. New members may [sign up online](#) through the University to access this low-cost carshare with rentals by the hour or day, which include gas for all trips, vehicle insurance coverage, and 24/7 roadside assistance. We look forward to expanding our services to support the convenient transportation of our community, both on- and off-campus.

ZIPCAR MEMBERSHIP INCLUDES:

- Insurance
- 24/7 roadside assistance
- Gas for all trips
- Rentals by the hour/day

TRANSPORTATION COMPLIANCE

Annual SCAQMD Transportation Survey

We are preparing the campus' 2023 employee commute survey by analyzing current campus employee data, recruiting and training survey coordinators, and finalizing updates to the collection process as required by the South Coast Air Quality Management District. More information will be forthcoming as the survey collection period approaches.

We wish to thank our 2022 survey coordinators who helped us achieve 56% above the attainment target—with special appreciation for those who went above and beyond in their support, including Evelyn Anderson, Yi-San Chang-Yen, Janet Del Campo, Christine Rose Genuino, Shabnam Malek-Cazares, Allison Marks, John Medina, Julie Song, and James Swendson.

T&DS Uniform Modifications

In accordance with the [UC Community Safety Plan](#), the University of California, Office of the President (UCOP) has formed a Vehicle, Uniforms, and Equipment (VUE) workgroup to improve service-driven safety efforts. To align with the workgroup recommendations, T&DS has made modifications to uniform standards which will be rolled out in spring quarter.

COMMUNITY SERVICES

Book an Appointment with Passport Services

Make Passport Services at UCI a part of your spring break and summer travel preparations! Conveniently located in UCI Research Park at [101 Academy Way, Suite 120](#), our Passport office is here for you to renew or apply for a passport. Additional Saturday appointments are also offered during high-demand months so we may continue serving our customers. Get ahead of your travel plans by scheduling your appointment at passport.uci.edu while time slots are available.

UCI Book Drive - through March 31

Join us in the [11th annual UCI Book Drive](#) through March 31! Donate your new and gently-used books to provide educational and recreational resources that strengthen the literacy foundation of local families in need. The continued support from our Anteaters has contributed thousands of books to [Community Action Partnership of Orange County \(CAPOC\)](#) family resource centers.

INFRASTRUCTURE PROJECTS

New Signal at California/Theory Intersection

Installation will begin this March for the new signalized intersection at California Avenue and Theory. Upon completion, this intersection will serve as the primary entrance into the Health Sciences Parking Structure and facilitate the safety of pedestrians and motorists traveling in the area. For details, please visit our [current projects](#) webpage.

UCI Bike Rack Refurbishment

Thanks to the efforts of our T&DS Maintenance team, over 200 bike-parking racks will be refurbished to support our cycling community. Don't forget to always [secure your bike](#) with a U-lock and adequate cable through the wheels and frame at designated bike-parking locations.

CAMPUS FLEET

Golf Cart Refurbishment

In support of campus departments, T&DS has procured used golf carts. These older carts are currently being refurbished and customized to meet the unique needs of our community. Once these customizations have been completed, we will have a variety of purpose-built carts for use in people moving, landscape, delivery, and mobility assistance with wheelchair-accessible support.

Software Upgrade Enhances Fleet Services

Our T&DS Fleet team has streamlined the maintenance process for university-owned vehicles by upgrading our automated order repair system. This software has reduced wait times when generating repair estimates, automated repair assignments to UCI Fleet technicians, and centralized repair history documentation.

CAMPUS WAYFINDING

Planned Improvements to Directional Signs

This spring quarter, our T&DS maintenance staff will be reconditioning vehicle and pedestrian directional signage and updating parking lot entrance signs around campus. Please be mindful and cautious when driving near these worksites. We appreciate your patience and support during these campus improvement projects.

2023 Campus Maps

Our 2023 Campus Map Pads have been updated to include all newly constructed campus buildings, campus parking lots, and pedestrian walkways. Map pads may be purchased by departments through our [website](#).
