

$1,000 scholarships now available.

Transportation and Distribution Services is pleased to announce the first annual ROADS (Reward Opportunity Advancing Distinguished Students) $1,000 scholarship. Preference will be given to students who can show involvement in green or sustainability projects.

Preference will be given to students who can show involvement in green or sustainability projects. Preference will be given to students who have a grade point average of 3.0 or higher are eligible.

THE 2013 ROAD Scholarships are being accepted now through March 27 and recipients will be notified in May. All undergraduate students, regardless of major, who have just graduated or will graduate before 2013-2014 and are enrolled full-time at UC Irvine are eligible. Performance will be key to students who wish to maintain. In one year officers are given a Sustainability Scholarship.

For more information, or to submit your online application, please visit the Financial Aid webpage at:

http://www.ofas.uci.edu/content/TypesOfAid.aspx?nav=3&id=roads.

Director’s Corner

I am pleased to present this inaugural quarterly T&DS Newsletter. It’s not unusual at this time of year to see students dressed in bright blue and white preparing for graduation. There are celebrations throughout the campus. These student employees of Transportation and Distribution Services are part of the Traffic Director Training program.

Through the year, we devote many hours to the training of our student traffic directors in preparing for assuming major campus events, such as graduation, commencement.” said Assistant Director Andre Gaines, who oversees the Traffic Director Training program. “Throughout the year, Traffic Directors are training to facilitate traffic flows at key intersections on campus during the peak hours in a safe and efficient manner.”

Traffic Director Training

UC Irvine has a strong environmental commitment to reducing its carbon footprint with energy efficiency projects that have both long-term and immediate results. A recent study on carbon dioxide emissions measured under normal business hours.

Additional Bike Racks

Additional bike racks have been installed in:

- Student Services
- Career Center
- Aldrich Hall
- Humanities area
- Transportation & Distribution Services

A 33% increase in bicycle parking has been achieved. Please email or call us at 949-824-7275 for questions about this project.
