

California Avenue & Theory Traffic Signal

COMPLETED SUMMER 2023

ABOUT THIS PROJECT

The new traffic signal at the intersection of California Avenue and Theory facilitates the flow of inbound and outbound traffic from the Health Sciences Parking Structure (HSPS). This signalized intersection leads to the primary entrance of the parking structure and provides safer crossings for pedestrians in the area.

PROJECT HIGHLIGHTS

- ➔ Protected left turns for outbound traffic from HSPS
- ➔ Signal timing to support pedestrian and motorist traffic
- ➔ Protected pedestrian crosswalks
